## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 31 is rejected under 35 U.S.C. 102(b) as being anticipated by Tomiyoshi et al. (US 5,137,940).

Tomiyoshi '940 discloses a semiconductor device encapsulated by an encapsulating solid epoxy resin molding material comprising (A) an epoxy resin, (B) a curing agent, and (C) silica which is an inorganic filler.

2. Higuchi et al. (US 6,207,296 B1) and Togashi et al. (US 5,908,882) disclose an encapsulating solid epoxy resin molding material, comprising (A) an epoxy resin, (B) a curing agent, and (C) silica including a diameter size and a specific area. However, none of the reference including the reference of Tomiyoshi '940 discloses the limitations as set forth in claims 1, 2 and 4.

### ***Allowable Subject Matter***

3. Claims 1, 2, 4-9, 11-20, 23-25, and 28-30 are allowed.

The following is an examiner's statement of reasons for allowance: the reasons for allowance: see paragraph 2 above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

4. Applicant's amendment adding "solid" of epoxy resin necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
